DESCRIPTION

In this methodological class, we will work on different elements that can facilitate the preparation and the writing of a M1 thesis on theoretical or experimental linguistics.

We will cover some of the following subjects:

- * The research environment in France
- * Doing a PhD program in linguistics
- * Formulating research questions and hypotheses
- * Citing documents and plagiarism
- * The scientific writing
- * Some tools such as Zotero or Overleaf will be also presented during class.
